

# USAID Cuts Hit Home in **MONTANA**

1 university will lose multiple subawards of unknown value

Farmers will lose reliable markets for their crops

AL Bozeman

MONTANA STATE UNIVERSITY lost multiple subawards, of unknown value, in which they contributed world-class expertise to the **Livestock Systems Innovation Lab** led by University of Florida and the **Sustainable Intensification Innovation Lab** led by Kansas State University

RURAL AREAS STATEWIDE

FARMERS & WHOLESALERS are losing reliable markets for their crops. It's difficult to estimate the direct impact for Montana, but every year USAID purchased about 1 million tons from U.S. growers and spent \$2 billion to provide food aid.
